PROFESSIONAL SUMMARY

Audio engineer with formal training in recording and production and hands-on experience assisting professional recording sessions at Electric Lady Studios. Experienced with analog consoles, digital audio workstations, microphone selection and placement, tracking, editing, mixing, troubleshooting, and studio session support. Seeking opportunities to continue developing as an audio engineer, with a particular interest in recording, mixing, and mastering.

AUDIO EXPERIENCE

Audio Engineering Intern, **Electric Lady Studios** -
New York, NY (May 2026 - August 2026)

- Assisted engineers with recording sessions for professional artists by preparing studios and equipment before sessions.
- Set up microphones, instruments, headphones, cue systems, and other studio equipment according to session requirements.
- Worked with analog consoles, patchbays, and studio signal flow while troubleshooting technical issues.

Student, **Conservatory of Recording Arts and Sciences** -
Tempe, AZ (July 2025 - July 2026)

- Tracked a band on an SSL 4000 E Series console, selecting and positioning stereo, tube, and instrument microphones according to source and arrangement.
- Mixed songs using Pro Tools and an API Legacy Plus with outboard processing.
- Assisted classmates with recording sessions, including microphone setup, console operations, Pro Tools operation, and tape operation.
